## **CENTRAL STATES**

**Shorthorn and  
Polled Shorthorn  
SHOW & SALE**

**OSKALOOSA, IOWA**

**Saturday,  
APRIL 3,  
1971**

**106 HEAD**

**50 BULLS — 16 FEMALES**

**40 CLUB HEIFERS**

*There is a reason why this sale has become known as "The Sale of the Money Makers." It is because the Central States Shorthorns and Polled Shorthorns are offered in "working" condition . . . ready to go into your herd and make money. You are not paying for fancy dress but for bulls and females in strong breeding condition and of dependable bloodlines. Be sure to attend this sale.*

# INFORMATION

## SHOW TIME

The show will begin at 8:30 a.m., C.D.T.

## SALE TIME

The sale will get underway at 12:00 noon, beginning with club steers and heifers.

## LOCATION

The sale will be held at the Southern Iowa Fairgrounds, northwest corner of Oskaloosa, close to primary roads 92 and 163.

## TERMS

The terms of this sale are cash unless other arrangements have been made in advance with the owners and the sale manager notified. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

## GUARANTEE

All cattle in this sale will be sold under the Standard Guarantee endorsed by the American Shorthorn Breeders' Ass'n.

## LIABILITY

Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneer, ringmen, or sale manager have been employed for specific tasks not connected with the handling of the cattle or the condition of the premises and they will accept no liability, legal or otherwise, for the buying contract or for any accident. Neither can the seller accept any liability for injuries that may occur. All persons attend this sale at their own risk.

## A SHORTHORN PAINTING SELLS

As has been the custom at these semi-annual sales, Harry Gohner, artist and Shorthorn breeder from Lacona, will auction an original Shorthorn painting already beautifully framed. This picture shows the painting that will sell this spring. These are highly valuable works and this one would be an attractive addition to any Shorthorn, or Polled Shorthorn, home.

## FOOTNOTES

Where footnotes appear, they have been furnished by the consignors. Announcements from the auction block take precedence over data in this catalog.

## REGISTRATION CERTIFICATE

A certificate of registry will be furnished with each registered lot and will be transferred to the buyer without cost to him. Application for registry, properly signed, will be furnished with each unborn calf sold in dam.

## HEALTH

All cattle are sold subject to a 60-day retest for tuberculosis if kept isolated, unless going into a Federal Accredited herd. Health certificates will be furnished to enable them to be shipped into other states. All cattle have been tested for tuberculosis unless they come from an Accredited herd. The cattle have been tested for Bang's within 30 days, or have been calf-hood vaccinated, unless otherwise stated.

## LUNCH

Lunch will be served on the grounds by the ladies of the Central Reform Church.

## HEADQUARTERS

Traveler Motel, 11 blocks east of business center on Hwys 92 and 63.

## FRIDAY NIGHT BANQUET

An informal meeting and dinner will be held at the Downing Hotel, east side of the Oskaloosa Square, Friday evening, April 2, 6:30 p.m.

## AUCTIONEER

Tom Sherlock, Oxford, Iowa.

## ATTENTION, JUNIORS

Until further notice, the owner of any Shorthorn or Polled Shorthorn club steer, or heifer, purchased in a Central States Sale, which wins a breed championship in any 4-H or FFA show will, upon notification to the Association secretary, Mrs. Wayne Farnum, Victor, receive \$10 from the Central States Association.

## SALE MANAGER

A.S.A. Sale Management, Bill Stunkel, 8288 Hascall St., Omaha, Nebr. 68124.

## FIELDMEN

Larry North, The Shorthorn World.

Arch Stone, Wallace's Farmer.

Gene Fitzgerald, The Drovers Journal.

Wayne, Farnum, Victor, Iowa.

Adrian Meierotto, West Point, Iowa.

# SHOW CLASSIFICATION

Judge: George Inness, Galesburg, Ill.

Show starts at 8:30 a.m.

Rosewood 3rd has two full sisters producing great calves in our herd. She sells bred to Melbourne Diamond Jim and she, too, should produce a great calf.

**Melbourne Captain Jim**, purchased for \$3,750 in the 1968 Melbourne Sale. He is the service sire for the four females consigned by Leo and Adrian Meierotto, West Point. Captain Jim's dam was 1964 International grand champion female. His granddam produced the \$5,800 (two-thirds interest) Melbourne Masterpiece. This is a highly valuable service.

## A "GROWTH" STOCK.

Shorthorn and Polled Shorthorn cows are a growth stock. In financing parlance this means a sound investment that is assured of increasing in value.

The future of all beef cattle looks bright. The growing population in America and a growing per capita beef consumption makes investment in cow-calf programs mighty attractive.

The Shorthorn-Polled Shorthorn future looks especially bright. That is because the breed has more to offer the beef world than any other breed.

There are breeds more highly glamourized . . . there are breeds with more inflated values but no breed is more universally recognized for its improvement ability than the Red, White and Roan. Nearly every large, exotic breed in the world owes much of its parentage to Shorthorns. If you really think about that fact alone, you should have a greater appreciation for Shorthorns.

No breed has more genetic purity than Shorthorns. The breed has no problem with dwarfism, cancer eye, prolapses, sunburned udders. No beef breed is so enriched with milking ability, with docility, with gaining ability.

There has been talk about Shorthorn lack of carcass quality. In a Penn State University taste test, women scored Shorthorns the highest for tenderness, flavor and juiciness followed, in order, by Polled Herefords, Angus, crossbreds, Charolais and Holsteins.

We could go on and on about Shorthorn superiority and their higher profit potential. If you own Shorthorns, you know their dependable productive ability. If you don't own Shorthorns, it is high time you did. The females offered in this sale can do much to cement your faith in our breed.

Melbourne Masterpiece as he looked as a six-year-old after settling 130 cows naturally for Kusel Bros., Ft. Cobb, Okla. He is the sire of Lot 73 consigned by Carol Jean Wallace, Monmouth, Ill. This bull sold for \$5,800 for two-thirds interest in the 1965 Melbourne Sale.

## WHY BUY SHORTHORNS?

- Shorthorn bulls are active, sure breeders.
- They put more growth into their calf crops.
- Shorthorns are historically known for their faster gaining and finishing ability. The demand for Shorthorn and Shorthorn crossbred feeders far exceeds existing supplies. Consequently, they sell for a premium.
- Shorthorn bulls put more milking ability into their daughters . . . this means heavier weaning weights.
- Shorthorn docility is world famous making them ideal projects for youngsters.
- Shorthorns eliminate the cancer eye, sunburned and snowburned udder problems.
- Shorthorns are known as "THE GREAT IMPROVERS". Shorthorn crosses have been proven in test after test to be superior to other crossbreds in milking ability, rate of gain and feed efficiency.
- Ask yourself why so many commercial herds are now crossbreeding with Shorthorns? IT'S BECAUSE THEY ARE BEST IN EVERY WEIGH.

## STANDARD GUARANTEE

### OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
